Privacy

Pivatic respects the privacy of all users of their website or other services and makes sure that personal information provided by you is kept confidential.

Personal data that we collect and store is either public data or data that we have obtained during face-to-face meetings. This data consists of entries like Full Name, Email Address, Phone Number and Company. We store this data in our Customer Relationship Management (CRM) system and only share it with our email service provider. The data will be incorporated until our relationship is considered ineffectual for the contact.

We use your data to inform you about fairs that we are attending or planning, and to inform you about matters of common interest.

We have a consent on our every email sent through our email service provider that allows you to either a) remove you from the emailing list or b) request to remove all your information on our systems. In any other case, if you wish to have your information modified or removed completely, please send a request to us at info@pivatic.com. We will tend to the request during 30 days of receiving it. In case there is a personal data breach in our system we will notify you within 72 hours.

We have a Brochure Download form on our website. By entering the required information the form and sending us a request to "Get Brochure", you accept that we have the rights to add your information to our CRM system and use it to contact you in the future.

Cookies

www.pivatic.com uses cookies. Cookies are small data files of letters and numbers that are sent from pages of this website and Flash applications and are stored in a user's computer, tablet or smart phone. When the user browses the same website in the future, the data stored in the cookie located in the user's browser can be retrieved by the external website.

We use one type of analytical cookies:

- www.pivatic.com uses Google Analytics to collect statistics on how visitors use the website. This information shows us for example the number of visitors, which pages were visited, the country of origin and which browsers and screen resolutions are being used. This information helps us to improve the way our website works, for example by making sure users find easily what they need.
  Read the privacy statement of Google Analytics
  (https://www.google.com/policies/privacy/)

Pivatic cannot trace these cookies to a PC or individual, does not collect personal information via cookies and uses the collected information only for the purposes described above.

Manage and delete cookies

Most browsers are initially set to accept cookies, but you can adjust your browser to manage or decline cookies, or to inform you when a cookie is being sent. Besides that you can delete cookies that have been set in the past.

Further information and questions, please send a mail to us at info@pivatic.com
